A Home of Our Own

After 90 transformative years, starting from the trunk of a car to being housed in Greenwich High School, we've expanded and moved numerous times. Now,

from a team of one to 13 and assets growing from \$7.5M to \$42M, we've evolved to serve all of Fairfield County with pride and commitment. As we outgrew our space, fate led us to purchase a bank building at 612 Bedford ST, Stamford, near downtown and opposite the Stamford Police Station. This spacious building, just 5 miles from our current Greenwich office, offers modern conveniences, an exciting Community Empowerment Center, and many remote services. We don't have a firm move-in date yet, but we expect it will be before November 30. Watch for details! We thank you all for your loyalty and for helping us become the growing, relevant, vibrant Members CU that we are today!

Uniting Cultures. Empowering Dreams.

Celebrating National Hispanic Heritage Month

As National Hispanic Heritage Month commences on September 15, Members Credit Union proudly embraces the vibrant tapestry of diverse cultures and deep-rooted histories that define the Latino community. With a team of 13 dedicated employees, including immigrants from Peru, Bolivia, Trinidad, and first-generation Americans from Guatemala, Bolivia, Ecuador, Venezuela, and Mexico, we understand the profound impact of this celebration on our institution and the communities we serve.

"This is a time for us to honor the diverse array of cultures that compose our team and the broader membership we proudly serve," said CEO Kathy Chartier. "It's about recognizing the valuable contributions of Latinos to the United States and acknowledging the pivotal role they play in our credit union's success."

At Members Credit Union, we are proud to have eight employees who can speak Spanish fluently. This linguistic diversity not only fosters effective communication within our team but also enables us to better connect with our Spanish-speaking members. We recognize that language is a bridge to understanding, and it's crucial for providing top-notch service to all our members.

More than half of our new members have national origins outside the United States, with South America being the largest segment, closely followed by Central America, Mexico, and the Caribbean. Our commitment to these communities extends beyond providing financial services; it's about creating a welcoming and inclusive environment for all.

"As we celebrate, let us remember that diversity is our strength, and unity in purpose drives us forward," Chartier said. "Together, we build a stronger, more inclusive credit union that reflects the best of America's melting pot."

Hispanic Heritage Month is celebrated from September 15 to October 15 each year. For more on this nationwide celebration, visit hispanicheritagemonth.gov.
